

Search for books or authors. If you search for a book, all the details of that book will be displayed. If you search for an author, all the books in your library (no matter reading status) will be displayed. You will have the option to select one of these books to view the details of that book.

This is underlined to indicate that we are currently on this page. You can click on Finished, In Progress or To Be Read (all buttons) to filter books and view those lists... All lists will be displayed as shown in the image

+ Remove a book	+ Add a book

click here to be taken to the my books menu (shown in the drawing)

click here to see a randomized list of five books from your to be read list that you should read next

Click here to view your reading milestones and the progress you have made on them. This will appear as a progress bar

Each of the books above are actually buttons. Click on any one of them to view the more specific details of the book (title, series, author, reading status and either date added to library or date finished depending on reading status)

Add a book or remove a book. You will first be prompted to choose the list you would like to add to or remove from then will be asked for the book title (for removing) or all book details (for adding)
